

A black and white photograph of a shower head spraying water. The shower head is on the left, and the water is spraying out towards the right. The background is a wall of dark, rectangular tiles. The lighting is dramatic, highlighting the texture of the water droplets and the metallic finish of the shower head.

METHVEN

Aurajet™

Aio
Shower & Tapware Collection

SINCE 1886

At Methven we're all about making water amazing. It's what we deliver every day, and have done since 1886 when George Methven first started as a producer of brass and iron hardware in Dunedin, New Zealand.

Today, Methven is world renowned for beautifully designed, award-winning showers, taps and valves. It all stems from our knowledge of water. Our unique history as an island nation has taught us to take care of nature's most precious resource. Over the years we have learned how to harness its power to cleanse, calm, refresh and invigorate. And it's this expertise - combined with our passion for design and innovation - that fuels our ongoing mission to create amazing water experiences.

METHVEN

Aurajet™

Looks amazing,
feels divine.

Kaha dual control
thermostatic shower
valve (KAHA 1V)
with Aio rail shower
(AOSRCPWHUK)

Born of the pursuit of shower perfection

Introducing Aurajet™. Our most advanced, most invigorating shower experience ever, that turns conventional showering on its head.

Invisible nozzles generate individual jets of water that collide against precisely angled surfaces hidden within the contours of the unique halo-shaped showerhead.

The result is a stunning fan of luxuriously dense droplets that delivers a highly efficient shower with 20% more spray force and twice the amount of water contact on your skin than a conventional shower*. All this adds up to an enveloping warmth that has to be felt to be believed, and a heavenly experience that puts you in a great space, every time you shower.

Looks amazing, feels divine.

* Compared to a Methven Conventional Shower. Flow rate of both products at 9L per minute and tested as per AS 3662-2013 Appendix H.

METHVEN

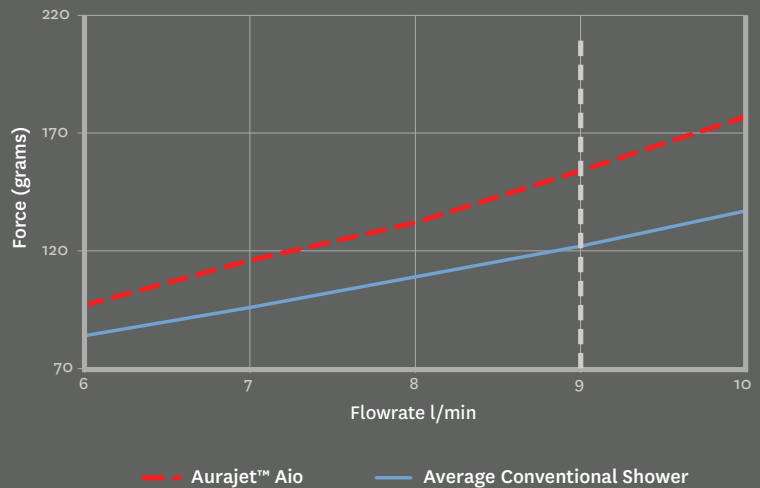

Aurajet™

A result of over 125 years of expertise, craftsmanship and insight, Aurajet™ is a major advancement in showering.

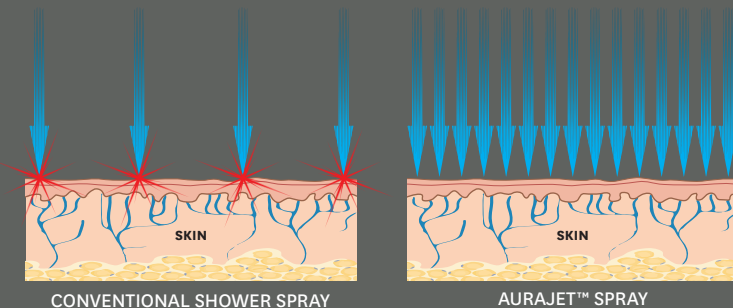

20% MORE SPRAY FORCE*

Aurajet™ generates bigger droplets which delivers up to 20% more total spray force than conventional showers.

TOTAL FORCE GENERATED BY SPRAY

Better stimulation of nerve endings
particularly in areas where nerve endings are higher density (e.g. face)

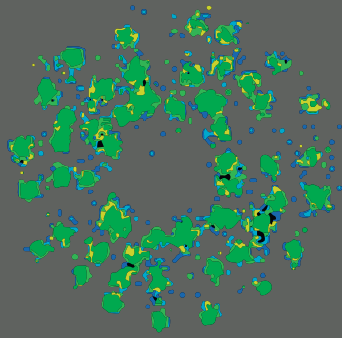

**Better efficiency
in cleansing
and rinsing**

**More even feeling
of pressure on
the skin**

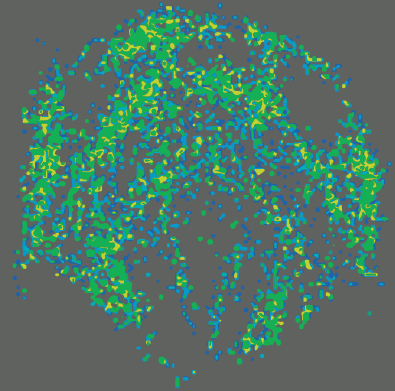

* Compared to a Methven Conventional Shower. Flow rate of both products at 9L per minute and tested as per AS 3662-2013 Appendix H.

2 X SPRAY COVERAGE*

Aurajet™ has 2 x the coverage of conventional showers. That's 2 x the amount of surface area of water in contact with the skin at any given time.

CONVENTIONAL SHOWER SPRAY

AURAJET™ SPRAY

Better feeling
of warmth

Better feeling
of coverage

Better evenness
of spray pressure
on skin

Aurajet™

Aio Shower Handset

**ULTRA WIDE
COVERAGE**
A full-bodied spray
for all-over warmth
and maximum
body contact.

LIMESCALE RESISTANT

An engineered polymer with hydrophobic properties resists the build-up of limescale.

WATER EFFICIENT

Water flow rate is optimised to be water efficient without compromising the luxurious spray performance.

Designed for high pressures above 1.0 bar.

Aurajet™

Aio Wall Shower on Short Arm

CHROME
AOSACPUK

CHROME & WHITE
AOSACPWHUK

ULTRA WIDE COVERAGE

A full-bodied spray
for all-over warmth
and maximum
body contact.

LIMESCALE RESISTANT

An engineered polymer with hydrophobic properties resists the build-up of limescale.

WATER EFFICIENT

Water flow rate is optimised to be water efficient without compromising the luxurious spray performance.

QUICK-FIT CONNECTOR

For easy installation, ensuring perfect alignment and a flawless water tight seal.

IMPROVED ERGONOMICS

Short arm with improved ball joint creates a greater range of rotational and angular adjustment for improved positioning to maximise spray coverage.

Designed for high pressures above 1.0 bar.

Aurajet™

Aio Hi-Rise Shower

AOHRCPWHUK

LIMESCALE RESISTANT

An engineered polymer with hydrophobic properties resists the build-up of limescale.

WATER EFFICIENT

Water flow rate is optimised to be water efficient without compromising the luxurious spray performance.

HOLD-FIRM ARM

Durable height adjustable arm with rotational connection enables a wide range of movement which never needs tightening.

IMPROVED ERGONOMICS

The cleverly designed shower and arm provides 135° of height adjustment which gives you the ability to create a drencher style shower experience.

Designed for high pressures above 1.5 bar.

Aurajet™

Aio Hand Shower

ULTRA WIDE COVERAGE

A full-bodied spray
for all-over warmth
and maximum
body contact.

LIMESCALE RESISTANT

An engineered polymer with hydrophobic properties resists the build-up of limescale.

WATER EFFICIENT

Water flow rate is optimised to be water efficient without compromising the luxurious spray performance.

COOL-TO-TOUCH TECHNOLOGY

Ensures the bar valve never gets warmer than the mixed water temperature resulting in a safer shower environment.

EASY-FIT CONNECTORS

For quick and simple installation.

FLEXIBLE RAIL INSTALLATION

800mm chrome-plated rail with adjustable wall mounting brackets for retro fit to existing installation holes. Suitable for hole spacing from 570mm to 745mm.

Designed for high pressures above 1.0 bar.

Sophisticated simplicity, presented in a beautifully unique singular form

The Methven Aio range is a triumph of imagination, featuring intriguing sculptural contours coupled with modern minimalist forms that bravely defy convention. Aio tapware is characterised by sophisticated simplicity, with an integrated lever and body design.

Methven sets new standards in tapware by utilising Eco Brass[®]. This revolutionary high quality, high strength material is lead and heavy metal free, therefore helps preserve water quality for both consumption and bathing.

Aio Basin Mixer

Chrome – AOBGPUK

18

LEAD FREE BRASS

Using Eco Brass® to protect water quality and for enhanced corrosion resistance.

CERAMIC CARTRIDGE

Fitted with a quality ceramic cartridge for all-round durability and longevity.

INTEGRATED BASE RING

The integrated design eliminates potential dirt build up and makes cleaning easy.

DIRECTIONAL AERATOR

The aerator includes built in swivel for optimised stream direction and minimising splash back.

Designed for pressures above .35 bar.

Aio Mini Basin Mixer

Chrome – AOBMCPUK

LEAD FREE BRASS

Using Eco Brass® to protect water quality and for enhanced corrosion resistance.

CERAMIC CARTRIDGE

Fitted with a quality ceramic cartridge for all-round durability and longevity.

INTEGRATED BASE RING

The integrated design eliminates potential dirt build up and makes cleaning easy.

DIRECTIONAL AERATOR

The aerator includes built in swivel for optimised stream direction and minimising splash back.

Designed for pressures above .35 bar.

Aio Deck Mounted Bath Filler

Chrome – AOBFCPUK

LEAD FREE BRASS

Using Eco Brass® to protect water quality and for enhanced corrosion resistance.

QUARTER-TURN CERAMIC DISC HEADWORKS

For all-round durability and longevity.

110MM SPOUT

Designed to suit a wide range of bath specifications.

Designed for pressures above .35 bar.

Aio Deck Mounted Bath & Shower Mixer

CHROME
AOBSMCPUK

CHROME & WHITE
AOBSMCPWHUK

ULTRA WIDE COVERAGE
A full-bodied spray for all-over warmth and maximum body contact.

LIMESCALE RESISTANT

An engineered polymer with hydrophobic properties resists the build-up of limescale.

WATER EFFICIENT

Water flow rate is optimised to be water efficient without compromising the luxurious spray performance.

LEAD FREE BRASS

Using Eco Brass® to protect water quality and for enhanced corrosion resistance.

QUARTER-TURN CERAMIC DISC HEADWORKS

For all-round durability and longevity.

SWIVEL HOSE OUTLET

Greater range of movement when using the shower.

Designed for high pressures above 1.0 bar.
